

# Quality & Safety Testing from Cell to Plate

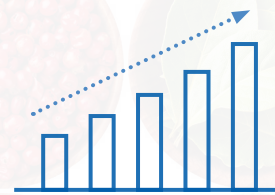

Collaborating to Provide **Innovative Solutions** for Your Industry

- Sample integrity
- Chain of custody
- Data management and secure connectivity
- Cross-contamination prevention
- Regulation and compliance
- Supply chain diversity
- Greener, more sustainable choices

## Cell-Based Proteins Food Research

Access innovative solutions for your protein alternatives research, bioproduction, and QC testing.

## METTLER TOLEDO

# Instruments to Simplify Daily Tasks

You have many different operators that use equipment each day. Through shift changes, varying skill levels, language barriers, and standard operating procedure (SOP) errors, tasks become complicated and risk accuracy. Let METTLER TOLEDO™ instruments help simplify these challenges for you and your people.

## Measure Moisture Content in Minutes

### METTLER TOLEDO HC103 Moisture Analyzer

- Robust design to withstand lab and production environments
- Real-time drying curves for progress monitoring and fast results

## Robust Construction

### METTLER TOLEDO MS Analytical Balance

- Metal housing to protect the weighing cell from spills
- Resistant to cleaning materials, including acetone
- Fast-release draft shield for easy cleaning

## Easy Measurements and Calibrations

### METTLER TOLEDO SevenExcellence Meter

- Expands to measure pH, conductivity, ion content, ORP, and dissolved oxygen
- Intuitive operation
- Starts measurements with one click

## User-Friendly Touchscreen

### METTLER TOLEDO XSR Analytical Balance

- Touchscreen is compatible with cotton, silicon, and rubber gloves
- Easy-access menus with large digits
